Testimonials

**DANIEL
MITCHELL**

I recently played a round of golf on a One Ball Buggy and it was the best round of golf I have ever played.

The sense of freedom on the course is insane, as I didn't have to share with somebody else and tend to their ball... I got round my usual 4.5 hour round in 2.5 hours, the dream!

**LUCY
WILLIAMS**

I was lucky enough to be thrown the key to one of these buggies on a demonstration day to give feedback to my course.

They bring another level of fun to our game when us ladies meet every Thursday morning, thank you for bringing these to us.

**Be one of the first courses
in the UK to give your
members the One Ball
Buggies experience.**

ONE BALL BUGGIES

**We give the buggies to our
course partners and ask for
no deposit or commitment.
These things are a members
dream and make your
courses fantastic income.**

OBB Sportster

Changing the way we perceive getting around on a golf course.

The Sportster boasts a phenomenal range, sporty design and fantastic curb appeal.

7 Reasons why the Sportster is a must have on every course

★ Speed of Play

Speeds up the rate of play on average by 32% for one, two, three and fourballs!

★ Curb appeal

Reminiscent of a Harley Davidson with out the noise. Members are quick to ask about our buggies at every venue we visit.

★ Less Tracks

Our One Ball Buggies only weigh 90KG making them the lightest buggy to hit European courses.

★ Increased Revenue

Tap into the one and three ball markets like never before as our Buggies cater to all golfers of all shapes and sizes.

★ Durable Chassis

We've tested our One Ball Buggies over every terrain imaginable, including crash and impact tests.

★ 3 Rounds per day

Unlike conventional buggies the Sportster can take on the course comfortably three times a day.

★ Quick Charge Turnaround

The output is great, but the turn around time is even better as our buggies are back in action in as little as 4 hours from a household socket.
